

# *Care for your hand-painted Lazy Susan*

Our Lazy Susans are carefully hand-painted with water resistant acrylic and sprayed with several layers of UV resistant matte or gloss finish.

Each Lazy Susan is unique and was especially painted for you. Take good care of its artwork.

- **Do Not** scrub the artwork.
- If necessary, spray some water on it and wait a few minutes to wipe.
- Use gentle sponge, wet clothe, or wet paper towel to gently wipe the surface.
- Dry with a clothe or paper towel.
- If the finish is epoxy, just wash top with soap and water with sponge or cloth.
- Avoid putting hot containers on all Lazy Susans
